

Waiver - Release of Liability

The risk of injury from the activities involved in playing ice hockey is significant, including the potential for permanent paralysis and death from traumatic brain injury. While particular rules, equipment and personal discipline may reduce this risk; the risk of serious injury does still exist, and as a designated representative of my program, organization and/or team I confirm that each players parent has been furnished with and has executed a waiver and release of liability that includes a release, indemnity, and hold harmless clause, including the TriState Mite Hockey League (TSMHL), Elite 9 (E9), Boston Hockey League (BHL), Valley Jr Warriors, and its subsidiaries, officers, officials, agents, and/or employees, from claims arising from participation in these activities.

I have been made aware and understand that when notifying the league of an “occurrence” involving a participant, my organization must provide a valid Waiver and Release Form that has been signed and dated by the participant’s parent or legal guardian prior to the time of the “occurrence”.
